

Subject: Sending Gentle Encouragement

Dear Rose Vine, and all Rose Brooks staff,

As Union Steward for Local IBEW 53 with KC Streetcar's staff, I understand you are looking into joining together to create a Collective Bargaining Agreement between LiUNA Local 955 and your management. I am well familiar with Rose Brooks and understand the very hard work you do every day. I believe having designated union advocates will help you concentrate on your chosen work, rather than employment issues. As fellow unionized workers we stand in solidarity with you and support you in your Bargaining efforts!
